

MERISTEM

**JOURNEY OF HOPE IS
COMING TO MERISTEM!**

JUNE 9 | 5-8PM

**MERISTEM CAMPUS
9200 FAIR OAKS BLVD.**

Experience presentations from Journey of Hope riders, meet supervisor Rich Desmond, and test ride bikes from McIlwain Mobility Solutions as we partner together to celebrate all kinds of ability! Food & drinks will be provided.

The Journey of Hope involves participants from Pi Kappa Phi Fraternity who cycle an average of 75 miles per day. This annual summer event is not only a physical challenge but also a mission to spread the message of inclusion and support for the disability community. Each team member commits to raising a minimum of \$6,500, contributing to the overall goal of raising \$500,000 to support the organization's broader mission of enhancing the lives of people with disabilities. On June 9, the Journey of Hope North route will be joining UCP of Sacramento and Meristem for a dinner and community event to celebrate friendship.

Contact Marc Laver, Community Advocate at UCP, at mlaver@ucpsacto.org or (916) 812-1020 if you have any questions.
